

UNIT 6- Proportions and Percents...Algebra Style

Name _____

<u>LEARNING TARGET</u>	<u>Comfort Level</u> <u>0-10</u>	<u>Formative</u> <u>Assessments</u>
I can set up a proportion and solve it algebraically (Section 3-6)		
I can set up a percent problem and solve it algebraically		
I can calculate percent of change (Section 3-7)		
I can use a proportion to find missing sides of similar shapes. (section 11-6)		
I can calculate trigonometric ratios from a right triangle.(Section 11-7)		
I can find missing sides of a right triangle using trigonometric ratios (Section 11-7)		
I can calculate probability expectation and expected value
